## Welcome to Eastham

N his book, "The Outermost House", Henry Beston described his feelings about our town when he wrote: "Outermost cliff and solitary dune, the plane of the ocean and the far bright rims of the world; meadow land, and marsh, and ancient moor; this is Eastham; this is the Outer Cape". So you too can stand on the "solitary dune", and gaze across to "the far bright rims of the world". Those of us who call Eastham our home, welcome you, our visitors, and hope that you too can enjoy Eastham as we do and as Henry Beston did.

For your information about Eastham. It was settled by a handful of people from Plymouth in 1644 and incorporated in 1651. At this time Eastham included the areas now covered by the present towns of Orleans, Brewster, Harwich, parts of Chatham and Wellfleet. From the solitary dunes on the ocean side to the flat bayside . . . a distance of three miles across . . . it covers an area of a little more than 14 miles. It has a population of 3,059, and like all towns on the Cape it has a town meeting form of government, with elected Selectmen (three) at the helm. Tax rate last year was \$13.70 per thousand; a grand list of \$163,330,640, total assessment, which produced in revenue to the Town, a total of \$2,237,629.77.

Recommended: Before going out in a boat, do what this man is doing ... check your gas and your tides among the items mentioned below. Low tides in the marshes are extremely treacherous . . . to be caught out there without gas when the tide recedes may be most uncomfortable. It is a long way back pulling your boat thru the mud of the marsh.

#### IMPORTANT INFORMATION

#### **Small Boat Suggetions**

Before going out in a small boat of any kind . . . CHECK THE WEATHER.

The law requires that a small boat regardless of size, when driven by a motor, including an outboard motor, must have aboard a life preserver or a buoyant cushion for each person (including children) on board. There is a fine of \$100 for both owner and occupant.

#### About licenses, parking stickers

You must obtain a sticker for your car to go on town owned beach parking areas. It will save you money. You must have a sticker on your car to go to the town dump. You must have fishing and shell fishing licenses. These are all available at the Town Hall, either at the Town Clerk's office or the Selectmen's clerk. You must have a permit from the police department for beach parties. While at the Town Hall for the above, register there. In case of emergency it will be easier to find you. There are new regulations about loose running dogs. Find out about them at the Town Hall.

#### Attention Bathers! While on the beach

- 1-Call for help when you think you need it.
- 2-Report to Life Guard for first aid.
- 3—Ask Life Guard for information about tides, runouts, etc.
- 4—Help us keep the beach safe and clean.
- 5—Keep pets at home.

#### DON'T:

- 1-Call for help unless you need it.
- 2—Go swimming right after eating or directly after any vigorous exercise.
- 3—Stay in sun over half hour on first exposure.
- 4—Do not take dogs on beach.
- 5-Do not keep dogs in car.

#### The CRAFT SHOPS of EASTHAM

MANY of Cape Cod's finest craftsmen have chosen Eastham as the perfect place to live and work. If you're tired of seeing the same mass produced items in every gift shop you visit, you'll find Eastham's craft shops a refreshing change.

Pottery, leather, gold and silver jewelry, stained glass, fine furniture, prints, supplies for you to do-it-yourself — all are found right here in Eastham.

Most of our shops display the work of the resident artist; a few exhibit a gallery of

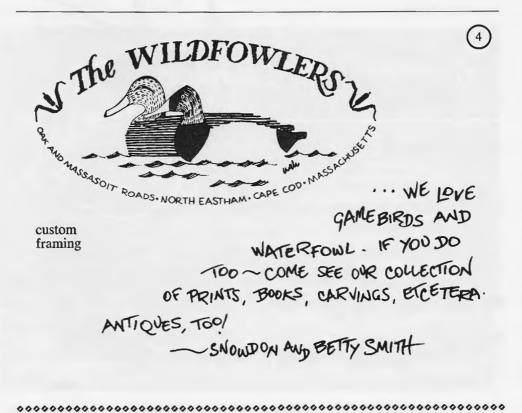

local craftsmen . . . all feature quality design and expert craftsmanship. Enjoy browsing away from traffic and confusion . . . perhaps learning about the Tiffany method of working with glass or watching a potter at his wheel. Have a pair of sandals made from your footprint. Choose between an emerald or an opal set in 18k gold.

All craftsmen love to talk about their work. They are happy to answer questions. And when you talk directly to the artist, it's easy to find exactly the right frame for your favorite print or to have a beautifully designed table made just for you.

The map on the following page shows you where to find our craft shops. And in these shops you'll find the happiest reminders of your vacation stay in Eastham.

#### By Henry Lind, Eastham's Natural Resources Officer

Whatever your shellfish fancy happens to be, the odds are that it will be found on the tidal flats in Eastham. After you have stopped by the Town Hall for a license and a set of regulations, wander around the shore with your clam hoe or quahog scratcher including a pail and look around. The recent winter ice and storms have turned over the sand much like a garden tiller and young clams and quahogs are to be found all along our beaches.

Our seeding programs, which were started several years ago, have yielded good results; the clams you dig today may have spent part of their earlier lives in the waters of Maine. The cherrystones and quahogs on your table may have started their lives in a laboratory, spent time in large floating sandboxes and only a short time in the sand where you found them. The mussels growing on the flats probably have been grown in two other locations in the marsh, prior to your finding them. Even the scallops which you can take home in the fall months may be native to other areas.

Clearly, the answer to keeping Eastham's shellfish stock in good supply is by constant renewal, planting and cultivation. Equally important are good conservation practices by the diggers; use no shovels or spade type tools, fill in the holes you dig, and replant the young shellfish which are too small to be taken. It's easy enough to help a small clam survive by placing it in the sand, neck up and just deep enough so that its neck can reach the tide waters. Next summer that clam may be ready for your steamer.

For those who prefer less hunting and easier digging, the schedule for Salt Pond is listed on page 15.

The price for non-commercial shellfisherman: \$4 for a taxpayer, \$6 for a family renting in Eastham, and for non-resident visitors \$10. These fees are for an entire family and permit the taking of one level ten quart pail of any and all kinds of shellfish per week for the year. (Excepting scallops for which special regulations are written each year). Please record your catch of each kind of shellfish for the year; you'll need your old license to turn in with that information for your next year's license.

If you are here for the first time, stop at this town operated information booth located on the east or ocean side of Route Six, approaching Eastham Center. For detailed information on cottages gift shops, restaurants, hiking and biking trails, step inside and talk to these young ladies . . before you embark on your Eastham adventure.

#### Eastham is beautiful — let's keep it that way! A PLACE IN THE SUN

To own property and live in a community is a great privilege. Those of us who own a second home here in Eastham and spend as much spare time as possible in the area feel doubly fortunate. We feel responsibility too, and wish to contribute to the protection and promotion of the Town we both cherish and admire. We do this thru the Eastham Non-Resident Taxpayers Association, Inc., now numbering 900. If you are a non-resident taxpayer, you are eligible to join and attend our meetings July 8 and August 26 in 1978, 8:00 p.m. in the Town Hall. The Town Officials are present and we use this channel to make our views known. We want all of you to be part of this group helping Eastham to retain and enhance its natural beauty and charm and to preserve the National Seashore. Dues are \$2.00 yearly. #### THE CAPE COD HOUSE

Our Cape Cod Architecture is the most widely recognized and copied style of building in America. It is a truly home-grown product that is nearly universally admired. When Thoreau visited the Outer Cape he said, "Generally, the old-fashioned and unpainted houses on the Cape looked more comfortable, as well as picturesque, than the modern and more pretending ones, which were less in harmony with the scenery, and less firmly planted." What Thoreau was commenting on was the fact that newer houses in the early 19th century were pretentious and were consciously copying European styles. The Greek Revival was in full sway and the older houses were not as desirable in style or appearance.

Thomas Dwight, President of Yale University, traveled to the Cape in 1800 and wrote about the building style he found here. This was the first use of the term "Cape Cod House" denoting a recognized Architectural style. The earliest houses were built after their English cousins in rural Devon and Cornwall. Small cottages built with available materials and adapted to the terrain and weather of the Outer Cape, they gradually developed into a recognizable pattern.

Cape Cod Houses can be divided into three main variations: First, according to early usage, is the House now frequently known as the 'Half-House' usually about 20 feet wide with a sharply pitched roof (between 9/12 and 12/12)....

Second is the House and one-half which is now referred to as a three-quarter House and is about 28 feet across....

Last is the Double-House or 'full Cape' and they are approximately 34 feet across....

month of the property of the second

during its life to suit family needs. Summer kitchens were usually first, then privies, wood sheds, spare bedrooms, dens and as many other uses as one might imagine. On Rte. 6A in Dennis is a Double Cape that has had several changes made in its Ells. As the Ell grew it eventually swallowed a large tree which, to this day, grows up through the house. The classic Cape Cod House has come back to its own as a style uniquely suited to this location and eminently practical in today's world of rising costs. If you are interested in building and want the craftsmanship and attention to detail that a good house requires, call us to discuss your plans and possible locations for the Cape Cod House you've dreamed of.

#### SALT POND, EASTHAM, 1978

It looks as though it might be a bridge across the pond. Or perhaps it's a seagull rookery or feeding station for migrating birds. Actually, it isn't any of those, but rather a hopeful effort to produce more shellfish in Eastham. What we are referring to is the string of floats, rafts and what-have-you that lies in Salt Pond.

Hanging below the styrofoam floats that you see from the shore are trays containing a variety of shellfish ranging from oysters to blue mussels, quahogs (hard shell clams), scallops and steamers (soft shell clams). They all have one thing in common — they are all babies, growing as fast as they can in our "nursery". The reason that they are there is because the growing conditions in Salt Pond, things like food, salinity, temperature, shelter from storms, are near perfect for them and they take full advantage of the season.

Most of the rafts contain young quahogs. In the spring, they are delivered to the pond from a hatchery when they are about as big as a pea, age four months. Up to one hundred thousand are given a home in sandboxes hanging from the rafts. By the following spring they are over an inch in length and ready to be transplanted to the rest of the marsh. In a short time they will reach a legal size of two inches and be ready for your table.

And so it is with the other beasts living under the rafts. Some are brought to us from hatcheries, others are bestowed on us by Mother Nature. The nursery protects from predators the young in the early stages of their life when they are most vulnerable, and provides us with one more step toward the future of our shellfish resources.

For you to take advantage of today's resources, first stop at the Town Hall and purchase a shell-fish license. Then fetch your scratcher, pail and family helpers and dig up some supper. Salt Pond is open on Sundays only as listed in the schedule below. The rest of the town is open all the time except as posted. You'll be gladyou did.

In spite of the growing price of shellfish seed, Eastham has managed to keep their license fees at a minimum: for non-commercial shellfishermen: \$4 for a tax payer; \$6 for a family renting in Eastham; and for non-resident, non-renting visitors \$10. These fees are for an entire family and permit the taking of one level 10-quart pail of any and all kinds of shellfish per week all year. (Excepting scallops, for which special regulations are written each year.)

Non-commercial shellfish on Sundays only. Sundays not listed here the Salt Pond is open for non-commercial shellfishing all day.

Areas in Salt Pond open only as posted at Town Landing. All other areas in Eastham open at all times between sunrise and sunset unless otherwise posted. All sedge grass areas closed to all shellfishing.

Times listed here Daylight Saving Time. Limit: one LEVEL 10-quart pail per family per week.

Gateway to the National Seashore is BEAUTIFUL any time but especially so OFF SEASON. May and June, again in September and October—Yes, come to EASTHAM before or after the crowds.

See nature in all its beauty—travel the highways and byways when there is room to breathe.

Yes, — for the birders, for the bicyclists, the photographers, the nature lovers—that is the time to come to EASTHAM. For the golfers, the courses are not crowded, for the tennis players, they can play without waiting hours for a court. And best of all, in most places OFF SEASON RATES prevail.

#### SEVEN PILGRIMS PLAN EASTHAM

T was in April 1644, exactly three hundred and thirty-four years ago that seven Pilgrims gathered together to plan the town which is now Eastham. They were Governor Thomas Prence, John Doane, Nicholas Snow, Josias Cook, Richard Higgins, John Smalley and Edward Bangs. These seven men and their families, comprising forty-nine persons were from the Plymouth Colony.

Their decision to settle here was the result of a survey made by the Plymouth Pilgrims as to the advisability of moving the entire Plymouth Colony to this location in view of the level and quite fertile farmlands. These were bordered by forests which offered protection for the rich top soil. It was concluded that there was insufficient area for the entire Plymouth Colony so that only seven families moved here to settle.

Located in this area at the time were the Nauset Indians, the most important of the Cape Cod tribes, led by Chief Sachem Aspinet. Their cornfields spread over the fertile Nauset Plains and the whole section was referred to by the Pilgrims as "The Kingdom of Nauset."

Two years later, in 1646, Nauset was incorporated and on June 7, 1651, the name was changed to Eastham. At this time Eastham included the areas covered by the present towns of Wellfleet, Orleans, Brewster and most of Chatham and Harwich.

# Those Great "Do-Nothing-Days"

Under the watchful eyes of the lifeguards (in white helmets) swimmers challenge the surf at Coast Guard Beach, one of the favorite swimming areas in the National Seashore.

# Eastham Visitor's Activity Index

AREA ORIENTATION: Soon after you arrive, check in at the Eastham Town Hall on Rt. Six in the center of town. Here information is available about fishing licenses, beach parking permits, fire permits for beach cookouts, boat mooring permits at the Eastham Marina at Rock Harbor. Get acquainted with town officials, including the police and fire departments. Leave your name and address so that you can be reached in an emergency.

On Rt. Six, going towards Orleans is the town operated Information Booth, staffed with qualified personnel who can help with information about available cottage space, where to eat, location of gift shops, etc.

The Visitor Center of the National Seashore Park is a must and is located just off Rt. Six a few hundred yards north of the Town Hall.

#### SWMMING, SURFING AND SUN BATHING (for those great "do-nothing" days)

Eastham is rich in sources for such activities . . . the ocean, the bay and the fresh water ponds. Those who prefer surfing and the robust challenge of the sea with its colder water, can enjoy the Coast Guard and the Nauset Light beaches, both within the jurisdiction of the National Seashore with its life guards and bathhouses. Each beach has a "surfing" section reserved. For warmer water and family type beach activities, the five bay beaches offer safe bathing and where you can walk out several hundred feet without getting your head wet. First Encounter and Cook's Brook beaches have restroom facilities. Parking stickers can be obtained at the Town Hall. Fresh water bathing can be enjoyed at several town ponds, featured by Wiley Park on Great Pond, off Herring Brook Road (see map) where a bathhouse and Picnic Area are located. Swimming and Life Saving classes under competent instructors are also held here. (Check story on Rec. Activities) Herring Pond, off the road by the same name, is also a popular spot.

FISHING AND OTHER SPORTS FACILITIES: Tennis courts are available on a first come first served basis at the Eastham Elementary school

grounds on Schoolhouse Road, and at the Nauset Regional High School grounds off Cable Road, North Eastham, and at the town courts in Orleans, near Eldridge Park. A teen age recreational program under trained leadership is held daily at the Nauset High grounds. (Check schedule of Recreational Activities program.)

The area abounds in golf courses, both public and private. Check the Yellow Pages for details. Some of the nearby courses . . . with a few miles radius are: Brewster, Bass River, Dennis Pines, Harwich Municipal, Blue Rock in South Yarmouth, Harwich Port Country Club, Highland Golf Course in Truro, Eastward Ho in Chatham.

Surf casting and fresh water fishing abounds in the area, and charter fishing boats leave daily from Rock Harbor, Provincetown and Wellfleet . . . all within a few minutes ride from Eastham. On Sundays, those with licenses can dig for quahaugs (see Sunday schedules on page 15) and the Nauset Marsh, Town Cove or the Bay Side can be explored for shellfish at low tide.

The Nauset Rod and Gun Club of North Eastham has facilities for those interested in rifle, or skeet shooting.

Eastham hosts an active Little League Baseball program centered around the attractive field behind the Town Hall. Cape Cod's famous NCAA sponsored Baseball League featuring outstanding college players is represented locally by the Orleans Cardinals, and large crowds watch exciting baseball games, evenings, at Eldridge Park, in Orleans.

Ice skating enthusiasts will find excellent facilities at the Rees Rink off Eldredge Parkway in Orleans, or at the Cape Cod Coliseum off Route Six in So. Yarmouth.

Summer theatre is here all summer . . . try the Dennis Playhouse, the Monomoy Theatre in Chatham, The Arena Theatre in Orleans, and the Cape Cod Melody Tent in Hyannis to mention a few. Wellfleet, just North of us, has a well operated Drive-In theatre.

The Audubon Society, off Route Six, in Wellfleet, offers bird tours and nature hikes and Dune Buggy rides.

Bicycle Trails, designed to keep you off the heavily travelled highways, are beginning to be built so that, eventually the entire Cape will be connected. At the present, a well built Bike trail will take you from the Visitor's Center to the Coast Guard Beach area, thru several miles of field and forest. A more complete trail thru Eastham is described on another page.

INDIAN SUMMER: We invite you to visit us in the summer, but many, many people prefer

The Red Cedar Swamp Trail approaching the Penniman House, in the Fort Hill area of the National Seashore. In the distance, still unseen, the thunderous beat of the Atlantic surf may be heard . . . as it pounds the fragile dunes of the Outer Beach.

Eastham in the late fall, when we think the Caris at its best. Little or no traffic, uncrowde beaches, ample restaurant and gift shop facilitie... and best of all, the weather is ideal.. an THE PRICE IS RIGHT. Most cottage colonic and motels feature reduced rates. Check with them before leaving the Cape in the summe Plan a return visit... when everything, including the PRICE IS RIGHT.

Along the bicycle trail from the Visitor's Center to the Coast Guard Beach area. . . This magnificent hiking and biking trail meanders from the Visitor's Center to the ocean, passing thru the Cedar Banks and on over the Great Marsh, where in the proper season the blue heron and flying wedges of Canadian geese vie with the terns and gulls for vantage points.

#### EASTHAM RECREATION PROGRAM

Eastham prides itself on its excellent recreation program supervised by its Director, Leo Miller, and sponsored by the Eastham Recreation Commission. The fine sports facilities of the Nauset Regional High School, located on Cable Road of Nauset in North Eastham are available to local as well as summer youngsters from ages 7 to 16.

The Playground Program: for boys and girls ages 7 to 16 runs Monday thru Friday 9 am to 12 noon, starting late June and ending late August. Registration anytime for competitive sports, low organized games and special events.

**Tennis Instruction & Competition:** for playground participants will be available a the Nauset Regional High School on Monday and Wednesday 9 am to 12 noon, fo "teen agers" on Monday and Wednesday evenings from 6:00 to 7:30 pm. Adul instruction is not available at anytime. The courts are open to the public unless used by the Recreation Department on a first come first serve basis with a gentleman's agreement that no one stays on for longer than one hour if others are waiting.

Swimming Program: Red Cross classes for Beginners, Intermediates, and Swimmers Jr. and Sr. Life Saving and Water Safety Aids will be available at Wiley Park, off Herring Brook Road, Monday thru Friday 9 am to 1 pm, starting June and ending August. Registration on Monday Only for 2 week periods.

#### THE OUTERMOST HOUSE

by FREDERICK H. JEWELL

FOR over 50 years the OUTERMOST HOUSE stood on the sand spit to the South of the Coast Guard Station, between the sea and the great Nauset marsh. It weath ered wind and tides, had to be moved back a couple of times from the eroding edge of the beach. Finally the great "BLIZZARD OF 1978" on the night of Februar 6-7th, when NATURE turned on her full force of distruction, moved this historical house off her foundation, and scattered the remains across the great Nauset marsh and inlet. There is an old axiom about man proposing and nature disposing, and how puny the works of man are.

When Henry Beston came to Eastham in 1927, he had my late neighbor Harve Moore build the Outermost House.. A few years back when my Marine Biologis friend Colonel Eugene Clark and I visited Harvey with a tape recorder to get hir to recall a few of the events of that time. Harvey answered all questions with typical Yankee "Yes" and "No".

Henry Beston was a Native of Massachusetts and a graduate of Harvard Unversity. He was a lover of NATURE and the years he spent in the OUTERMOS HOUSE, depicting the changes in the four seasons on the great beach, his book has become a literary classic printed in several languages. One must read the book to appreciate his love for and understanding of NATURE. Mr. Beston became part of Eastham, became acquainted with the villagers and sometimes boarded with them. On one occasion when he was rounding our corner of the old County Road opposite the Town pump and watering trough, he commented on the Cottonwood trees in our yard which had come from Kansas.

On a sunny October 11th, 1964 Henry and Mrs. Beston paid their last visit the OUTERMOST HOUSE. There was a large gathering of local and prominer people, along with Governor and Mrs. Endicott Peabody, for the dedication ceremonies, making the little house a National Literary Landmark, in the old outdoor amphitheatre in front of the Coast Guard Station. Mr. Beston had given the OUTER MOST HOUSE and surrounding dune acres to the Massachusetts Audubt Society. In his closing remarks of appreciation for the large gathering in his honor he closed with these remarks from his famous book: "Do not dishonour to the earth lest you dishonour the spirit of man".

Time marches on as did the late Henry Beston, Nature's Philosopher, and no the famous and historical OUTERMOST HOUSE. However, pictures of the la Henry Beston and the OUTERMOST HOUSE can be seen in the large photo frame the 1869 Schoolhouse Museum.

#### THE MILLER EXPOUNDING

The wheels go round and round and the flour comes out here, explains Miller James Owens to interested visitors. This windmill, one of the most photographed objects in this area, is considered to be the oldest workable grist mill on Cape Cod. Tradition says it was built in Plymouth in 1793, dismantled and brought across the bay on a log raft to Truro; and a few years later, probably in 1797, taken apart and brought over the road to Eastham, where it was set up on its present location on the Green.

EASTHAM PUBLIC LIBRARY

On February 11, 1878, the Eastham Public Library was established at the annual Town Meeting when \$175.00 was voted for a town library. It was to be housed in borrowed space over a general store and post office down by the railroad tracks on Samoset Road. The United States was at the end of the Reconstruction period and at the end of a depression which followed the great panic of 1873, caused by overproduction of manufactured goods and inflation. Problems of a social, commercial, industrial and financial nature confronted the nation . . . The Ku Klux Klan, Civil Rights, corruption in Washington, tax evasion, extensive frauds in the Indian Service . . . In 1878 Rutherford B. Hayes, a republican—was elected President of the United States.

In Eastham, the national unrest was reflected in a downward trend in the population from a high of 970 in 1830, to 668 in 1870. By 1920 it had dropped to 430! It wasn't until 1960 that the population in Eastham went beyond a thousand. In that same year, the statistics at the library showed circulation at 12,645 volumes; the town appropriation was \$2,000.00; and the book budget was \$393.96 (an increase of \$100.00 in forty years). Mrs. Christine Young was the librarian in 1960, followed in 1961 by Mrs. Sadie Flint.

Since 1960, the library has had a major addition, plus many more improvements in lighting, parking, insulation, etc., the latest of which has been the carpeting, insulating, sheetrocking, and painting of the Merrill Room. Also, since 1960, the population in Eastham has nearly tripled. The circulation at the library has more than tripled in that same period (holding relatively stable until 1971 when it was 15,000 volumes; increasing to 38,000 by 1977). The municipal appropriation (FY 77) for the library had reached \$20,000, and the book budget had increased to \$4,000.

Jane Eldridge is now the librarian. Her husband Dana is a direct descendant of William Nickerson — a pioneer of Chatham in 1637, whose Eastham descendent, William Henry Nickerson, gave land to the Village Improvement Society for the library in 1897. The librarian is ably assisted by Marianne Millette in the summer, and Grace Davis and Martha Johnston on a part time year round basis. Connie Michnay is our story teller, crafts director and creative writing person.

In addition to the basic function of housing and circulating books, your library offers a variety of activities including rotating art exhibits, story hours, craft programs, film programs and puppet shows. All of these activities take place in the newly finished Merrill Room.

#### EASTHAM WEATHER (as compiled by Cape Cod Chamber of Comm.)

We in Eastham are fortunate regarding our weather. Situated between the Atlantic Ocean and Cape Cod Bay, the stabilizing effect of both bodies of water tend to keep Eastham cooler in the summer and warmer in the winter than the mainland, or for that matter most of the Upper Cape.

Twenty years ago a common interest in art brought eight women together to form the group known as the Nauset Painters. They painted together, met for business meetings and began exhibiting their paintings in outdoor shows. Membership is limited in order for the artists to meet monthly in each other's homes. The paintings exhibited in the early outdoor shows were hung on clothesline strung from tree to tree, and later snow fencing and wire was used as a sturdier backing for the art work. The art backgrounds of the Nauset Painters are as varied as their styles and media. The purpose of the Nauset Painters is to further the interest in art among themselves and in the community. 0,00,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000

#### EASTHAM PUBLIC LIBRARY

Our Public Library has one of the loveliest locations in town. It is located on Samoset Road just west of the Windmill and overlooking Long Pond. There is a convenient off-street parking area behind the library.

The original building was built in 1897 by the Village Improvement Society (which explains the inscription over the library door) and was given to the town in 1903. During 1976 the Trustees published a short history of the library, written and researched by Helen Schwind. Copies of this history are still available at the library.

Librarian Jane Eldridge will be happy to help you make a selection from among the current books or from our excellent Cape Cod collection. Genealogists will find a wealth of material here, and children, of course, get special attention. Check the local papers for story hour times, Mimsy puppet shows, & Film Programs.

All are welcome to use the library facilities. For Massachusetts residents or Eastham tax-

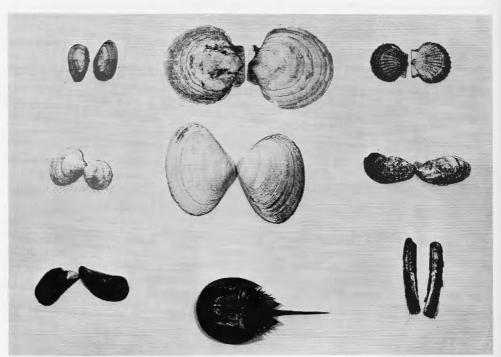

payers there is no charge; for other visitors, we ask a small fee for a temporary card.

The Library. It's a great place for the whole family to go, on rainy days or any day!

#### CAPE COD RECIPES

#### Stuffed Quahogs

12 Quahogs — large 3/4 cup chopped onions

14 oz. can mushrooms, drained and chopped

1/2 cup butter or margarine, melted

3 tbs. flour

Black pepper 2 tbs. melted butter

1/2 cup dried breadcrumbs

After chopping quahogs, clean shells thoroughly; cook onions and mushrooms in butter until tender; blend in flour and seasoning; add clams and cook until flour is thickened, stirring constantly. Grease clam shells and fill with mixture. Blend butter and crumbs and sprinkle over filling. Bake in 400° oven for 10 minutes or until brown.

#### Cranberry Cheese Dip

1 cup (½ lb. fresh cranberries) 2 3-oz. pkgs. soft cream cheese

4 tbs. prepared horse-radish

1/2 cup sugar

Put cranberries through food chopper, using finest cutter. Blend cheese and horse-radish until smooth. Whip in cranberries and sugar. Serve on crackers. Makes about 1½ cups of dip.

#### Cranberry Bread

2 cups sifted flour

1/2 tsp. salt

1/2 tsp. baking soda

11/2 tsp. baking powder

1 cup sugar

Sift all together

Add 1 beaten egg

1/2 cup orange juice

2 tbs. melted butter 2 tbs. hot water

Stir in 1 cup chopped berries, 1 cup chopped nuts and grated rind of oranges.

Bake in 325° oven for 1 hour and 10 minutes.

#### **Escalloped Quahogs**

1 quart fresh shucked quahogs

4 cups common-cracker crumbs

1/2 cup butter

1/2 cup whipping cream

Paprika

Chop quahogs fine (do not grind them) Melt butter and add to crumbs. Place in a greased casserole dish, adding a layer of crumbs, then a layer of clams and their juice, alternating until they are used up. Now pour over heavy cream, sprinkle with paprika and bake in a 350° oven for 45 minutes. Serves 6.

Get your license at the Town Hall.

#### Stuffed Filet of Flounder

16 flounder filets; approx. 4 lbs.

1 stick of butter or margarine

1 cup of water

1 8-oz. bag Pepperidge Farm Stuffing

Salt - White pepper - Paprika

Chopped parsley

1/2 cup Chablais white wine

Juice of 1 lemon

Place filets on flate surface and put generous portion of stuffing on each, prepared as directed on package. Roll up each filet, securing it with uncolored toothpick. Place filets in uncovered casserole dishes that have been buttered. Salt and pepper lightly and sprinkle with paprika. Then pour wine and lemon juice over all. Bake in preheated 350° oven for 30 min. Serves 8 people.

#### Scallop Chowder

2 onions, sliced

4 tbs. butter 1 pint scallops, (sea or bay)

2 cups boiling water

1 cup potatoes, diced

4 cups scalded milk

Salt and pepper to taste

Sauté the onions in butter and remove them from the pan. Cut up the scallops and sauté them in the butter. Add the onions and potatoes to the boiling water and simmer 20 minutes. Add the scallops and the scalded milk and simmer for an additional 15 minutes. Season with salt and pepper and garnish with dill. Serves 6.

Check point quahaug . . . where the size and quantity are inspected.

Check your Sunday tides and scratch for the quahaugs at Salt Pond. Or other areas during the week.

#### Cranberry Rolypoly

2 cups sifted flour

3 tsp. baking powder

1/2 tsp. salt

4 tbs. shortening

⅔ cup milk 3 tbs. melted butter

2 cups cranberry sauce, drained

Sift together the dry ingredients and cut in the shortening. Add milk and stir until mixture forms a soft biscuit dough. Roll on a lightly floured board to ½ inch thickness. Brush with melted butter and cover with cranberries. Roll up like a jellyroll and place, seamside down on a buttered pan and bake in hot oven (425°) for 25 to 30 minutes. Serve with lightly whipped cream or vanilla ice cream.

#### Crabmeat or Shrimp Casserole

1½ cups cream sauce 5 eggs, hard boiled ½ lb. fresh mushrooms ½ cup grated cheddar cheese 1 cup crabmeat or shrimp ½ tsp. curry powder 2 tbs. chili sauce Bread crumbs — Butter

When cream sauce is bubbling add quartered eggs, sauteed mushrooms and the sea food. Stir in the curry powder and chili sauce. Pour mixture into shallow, buttered baking dish. Sprinkle top with bread crumbs and dot with butter. Bake for 30 minutes in 350° oven.

The Captain Penniman House, home of one of Eastham's whaling captains. It is easy to understand why Edward Penniman, a well traveled whaler, selected this spot for his home. The Fort Hill area, where this house stands, has one of the most beautiful views on the Cape. Here again one might visualize Champlain's encounter with the Nauset Indians, large farms covering the rolling fields, and the salt works along the edge of the bluff, producing the much needed salt during the Revolution and the war of 1812. At this time only the exterior has been restored, and may be viewed along the selfguided Fort Hill Trail. This one and a half mile trail guides you thru many years of history, and is combined with the Red Maple Swamp which tells the story of of nature in all its stages.

#### CHURCH SERVICES

(More than three hundred years—in 1672 to be exact—Samuel Treat became the town's first minister, and thundered his message of hell-fire and damnation. As a historian of the times declared: "his voice was so loud when speaking it could be heard at a great distance from the meeting house, even in the midst of the winds that blowed over the plains of Nauset".)

Perhaps not in the thunderous tones of Mr. Treat, yet the church leaders of the present preach their religious philosophies with the same zeal. The following churches are within easy travelling distances:

#### **EASTHAM**

United Methodist—the House of worship and strength by the side of the road, Route 6. Rev. John Knight, pastor. Worship service is conducted at 9 a.m. with Sunday School and nursery care provided. ### EASTHAM BIKEWAYS

At the present time there is a direct route that joins the Orleans bikeway system with Eastham routes and leads to the Eastham-Wellfleet town line. This route avoids heavily travelled Route 6 through Eastham by turning off at the Orleans-Eastham traffic circle, heading west for a few hundred yards, and then north along Bridge Road. It continues along Herring Brook Road, Massasoit Road behind the Wellfleet Drive-In, into Wellfleet.

This route is quite scenic, crossing the bridge at Boatmeadow Creek, offering a view across the marsh to Cape Cod Bay, toward the fishing grounds. The route continues along the marsh, with a vista toward First Encounter Beach, then passing through a wooded area along lightly travelled roads, finally reaching the Wellfleet sanctuary of the Audubon Society before joining Route 6 in Wellfleet.

A circular trip around Eastham is possible by turning off Massasoit Road, crossing Route 6 in North Eastham at the light, continuing along Bracket Road and Cable Road to the Atlantic Ocean beaches.

## FISHERMEN - WELCOME TO EASTHAM

by TONY CHIARAPPO-Bass Run Bait & Tackle Shop

ONE of the many enjoyable things the visitor has to look forward to, is the excellent fishing on the Cape, especially in the area of Eastham.

A great variety of salt water and fresh-water game fish are available throughout the year. Our fresh-water fishing seems to be overlooked in favor of surrounding salt water activity.

The Cape can boast of some of the finest trout fishing in our state. Among many of the popular and proven ponds for trout are Cliff Pond in Brewster, Peters Pond in Sandwich, Scargo Pond in Dennis, Gull Pond in Wellfleet and our own productive Herring Pond in Eastham.

It seems the Cape's favorite fresh-water fish is the trout, but our other fresh-water fish should not be passed by . Bass, pickerel, white and yellow perch attain large sizes in many of the above ponds.

A few of the most active warm water ponds are Lake Chequaquet in Barnstable, Santuit Pond in Mashpee, Pleasant Lake in Harwich and Depot Pond in Eastham.

The salt water glamour fish of the Cape is the striped bass. They are taken in great numbers and occasionally will top the fifty (50) pound mark. Most fishermen catch the striped bass in the 5 to 15 pound class. The larger bass are always a possibility and your avid angler who puts his time on the beach, or in a boat, will probably land a trophy sized bass in the 20 to 40 pound class sooner or later.

One of the favorite and best striper haunts is our own Nauset Beach. Nauset Marsh holds great amounts of the stripers' favorite foods and needless to say, this abundance of bait fish keeps the striper on the ocean side and in the marsh throughout the summer.

Look for the stripers to arrive in numbers sometime around the middle of May. At this time of the year, Sunken Meadow Beach will offer excellent bait fishing for stripers. More than likely, you will catch your first fish of the season in this area.

. If you are looking for a trophy sized bass, plan to do your fishing on the ocean side, your largest fish will be caught there. Chances are the fish that takes your bait or lure will be a pleaser.

Let's not forget the other fish that will make your stay in Eastham a pleasant one. Flounder, tautog and fluke (summer flounder) are here to test your skills. Tautog that often tip the scales over ten pounds and summer flounder that this past year were reported to have been weighed in at weights up to twelve (12) pounds.

The gamester that is always ready, willing and waiting to tear up your tackle is the bluefish. Pound for pound, the gamest fish in our waters. He will be available, day or night and waiting to test your skill.

Our Charter boat fleet has some of the finest skippers at your service, who will do their best to make your offshore trip a memorable one. Should you decide to charter a boat, call several weeks ahead to assure yourself of an opening.

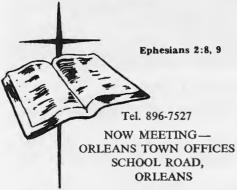

Our local tackle shops will offer you the latest information available, what gear to use and where and when they are biting.

In Eastham you are only minutes away from some of the best fishing the East Coast has to offer, whether you are after the tasty flounder or the unpredictable striper.

#### ALL ROADS LEAD to EASTHAM

AFTER you cross the Cape Cod Canal at the Sagamore Bridge and start along the Mid-Cape Highway, Eastham is the very first town you come to without having to make a turn off the Highway.

Just 39 miles along this super-highway when you use the Sagamore Bridge, Eastham is but a few miles more if you use the Bourne Bridge.
